STATE UNIVERSITY OF MONTANA, MISSOULA, MONTANA.

FRIDAY, MAY 16, 1930

VOLUME XXIX, NO. 57

MISSOULA HIGH WINNER OF FAST TRACK MEET

TRACKMEET S. O. S. HAS BIG PROGRAM

Clapp, Stewart, Walker, Rohlfis, Samples Talk; A. S. U. M. Officers Are Installed. Honoraries Tap Members.

Track meet S. O. S., beginning at 7:15 last night, had a program of wide variety under the leadership of Bob Hendon, Yell King. Numbers by the Grizzly band, singing, speeches by President C. H. Clapp, captains of athletic teams, and Coach "Jock" Stewart, track mentor, installation of new A. S. U. M. officers and tapping of new members for Mortar Board and Silent Sentinel, senior honoraries, made up the program.

President C. H. Clapp welcomed the interscholastic visitors and stressed the value of the annual track meet in teaching the idea of sportsmanship.

Billy Rohlfis, captain of next year's basketball team, and Claude Samples, captain of this year's track team, talked. No football captain is elected by the team, so there was no one to speak for the football team.

Gordon Roghien, ex-president of the Associated Students of the University, officiated at the installation of the newly elected A. S. U. M. officers: president, Carl Walker; vice president, Mary Louise Davenport; secretary, Frances Ruckman; business manager, Bob Hendon; senior class delegate, George "Bud" Grover; junior class delegate, Everett Logan; sophomore delegate, Kaimin editor, George Adams.

Carl Walker, A. S. U. M. president, urged high school students to consider Montana after graduation. Coach J. W. "Jock" Stewart, track coach, talked on the track facilities open to high school students at the University and when going to higher educational institutions.

Mrs. C. H. Clapp tapped the new members of Penetralla chapter of Mortar Board, women's national senior honorary organization, which selects women in the University outstanding in scholarship, leadership, character and service. Women tapped are Marian M. Cline, Polson; Marian Hobbs, Butte; Mary Louise Davenport, Butte; Fay McCallum, Livingston; Jean Peterson, Conrad; Frances Ruckman, Lewistown; Marjorie Stewart, Helena; Rhea Traver, Big Timber; and Thelma Williams, Lewistown.

Dean A. L. Stone tapped members of Silent Sentinel, men's senior honorary organization which elects men in appreciation of service to the University. Men tapped were George Adams, Great Falls; Clyde Carpenter, Billings; Albert Erickson, Hamilton; Archie Grover, and George Grover, Frenchtown; Bob Hendon, Hanover; Tom Moore, Missoula; Robert Nelson, Willow Creek; Emile Perry, Phillipsburg; Billy Rohlfis, Salem, S. D.; and Carl Walker, Boundary, Wash.

The annual interscholastic S. O. S., the longest held during the school year, concluded with the singing of "College Chums."

MEMBERS OF COMMITTEE WORK TOWARD SUCCESS OF ANNUAL INTERSCHOLASTIC

Dr. Rowe, Chairman, Serves For Twentieth Time; Dr. Elrod Assists on Twenty-Seventh Meet.

Twelve faculty members make up the general interscholastic committee which directs the success of the annual high school track meet. These people direct athletics, transportation, entertainment of men and women, declamation, essay and debate, publicity and program. Little Theatre tournament. Under their leadership detailed organizations carry out the work of putting over a successful track meet.

J. P. Rowe, chairman of the geology department, has headed the annual interscholastic track meet since 1908. Under his management it has grown until now it has been ranked as first in handling and second in number of contestants by George Varnell, sports editor for the Seattle Times.

During the school year 1928-1929 Dr. Rowe was on the faculty of the Floating University, which visited 34 countries and traveled 50,000 miles. He served five years as director of Montana's summer session.

Missoula Takes Tennis Crowns

Grantier and Jacobs Win Doubles and Singles.

Finals in the tennis matches finished up with Grantier and Jacobs of Missoula carrying off honors in the doubles by defeating Bretherton and Karsted of Butte, 6-6, 9-7. Grantier and Jacobs, by winning this year's matches, hold their title of state doubles champions which they won at Interscholastic last year.

Jacobs claims the singles championship for the state also, having come off victor after an exciting match with Charles Emory of Billings, 6-4, 1-6, 9-7. Last year's tennis singles champion, Bernard Bretherton of Butte Public high, was defeated in two sets yesterday afternoon by the cool-headed playing of Randolph Jacobs, Missoula high. The scores were 6-2; 6-3. In the other semi-final match C. Emory, Billings, defeated Robert Grantier of Missoula high, runner-up in the contest last year, by the scores of 6-3; 4-6; 6-1.

Medals are given to the winners of the first, second and third places in singles and another award is given for the doubles winners. Students who have officiated in the tournaments are Von R. Mackenstadt, Eugene Sunderland, Horatio Kilroy, George Larson, Evans Hawes, Walter Taylor, Thomas Rowe and Thomas Tobin.

Entries Are Refunded Transportation Fare

Elrod Says About \$3,000 Return Is Made to Contestants.

Refunds to track meet contestants totalled about \$3,000, according to Dr. M. J. Elrod in charge of transportation on the interscholastic committee. Refunds were made to high schools all over the state. It has been considered that the Ekallaka delegates came the farthest distance having driven about 600 miles.

The University pays the railroad fare for two contestants round trip to Missoula at the rates offered by the railroads to the principal or coach from the accredited high schools on the track meet list. Expenses of coaches and chaperones are not paid in this refund, as the University entertains them while here for track meet.

Dr. Rowe is a prolific writer on geological subjects. Most of his more than sixty books and articles treat with the geology of Montana. In his articles he has discussed Montana coal, copper, clay, lead and gypsum, the coals and lignites of the Northwest and the petroleum, chromite and molybdenite deposits of Montana.

R. H. Jesse, vice-chairman of the interscholastic committee, is chairman of the chemistry department and holds many faculty administrative offices. He is dean of the faculty, having come to that position last year from being dean of men, and is on the following faculty committees: Absence, Advisers, Athletics, Curriculum.

M. J. Elrod, who handles the transportation on the interscholastic committee, is one of Montana's older professors who has watched the University grow. Dr. Elrod is head of the biology department and is in charge of the biological station at Flathead lake. He has been actively engaged in scientific work in Glacier National park as park naturalist and has written several books about it.

Dr. Elrod was in charge of the first (Continued on page five)

AWARD TROPHIES, MEDALS TONITE PROGRAM IN H. S. AUDITORIUM

As the final event of interscholastic comes the awarding of prizes in the Missoula high school auditorium tonight at 8:15 o'clock. The University glee club will give a program under the direction of Dean DeLoss Smith. Following this is the awarding of team trophies. The Montana Masquers will present a play, "Company for Mrs. Gilchrist," by Margaret Angus, a University student. Last comes the awarding of individual prizes. The total awards for the 1930 Interscholastic Track Meet include 12 silver cups and over a hundred individual prizes.

Flathead County high school, presenting "Submerged," won the Little Theatre finals Wednesday night, and will be awarded a silver loving cup tonight. All expenses of the group will be paid by the interscholastic committee. Gallatin County won this contest last year.

Anaconda high school won second place with the play, "The Drums of Oude," and so will receive the \$25 presented by the Missoula Women's club. This was won last year by the winner of first place this year, Flathead County high.

Missoula and Whitehall, who won third and fourth respectively, will receive a silk banner each, from the Montana Masquers. William Stewart of Flathead County will be awarded a gold medal as the best actor. Kathryn Wedgwood has been judged the best actress, and will receive a gold medal tonight.

Fergus County will receive the souvenir cup offered by the University of Montana for the school taking first in debate. Fergus County was the permanent winner of the last debate cup, winning it last year for the third time. Marie Thomas of Lewistown was chosen the best individual debater and will be awarded a gold medal offered by Joseph M. Dixon and a year's scholarship at the State University. Last year this was won by another Fergus county student, Andrew Samuels.

Betty Kelleher of Butte, winner of first place in the girls' declamatory contest will be awarded a gold medal. Other awards in the girls' declamatory are: Betty Hruza, Sweet Grass county, second, a silver medal; Ruth Ashbridge, Flathead county, third, a bronze medal; Estelle Fletcher, Roundup, fourth place, blue ribbon; Mary Sullivan, Charlie, fifth place, a red ribbon.

Richard Lovely, Powell county, won first in the boys' declamation contest and will receive the gold medal given by Judge A. L. Duncan. Kenneth Spaulding, Missoula will receive a silver medal as winner of second place, and Oscar Ball, Custer county, will receive a bronze medal offered for third place.

In the Editorial Association contest, the "Arrow" of Flathead County won the silver cup offered for first place in Class A newspapers. Other winners of first place are: Class B, The Stampede, Havre; Class C, The Sheepherder, Big Timber; Class D, The Sagebrush Saga, Jordan.

The Fredell cup offered for the best yearbook was won by the Kyote, Billings high school. Five cups are awarded in the high school paper contest, one to each of the schools win-

Miles City Scores Second With 24 Points; Whitefish, Butte Tie For Third Place

State English Council Meets

Miss Mirrieles Presides at Problem Discussion.

Montana English Council gathered this morning in the Library building to discuss the outstanding problems now facing teachers of English and literature. Miss Lucia Mirrieles acted as chairman.

The opening address was given by Miss Genevieve Albertson, assistant professor of English from the State Normal School. She elaborated upon the importance of the library problem which is growing more apparent. Among the solutions she offered was the encouragement of the free reading hour as a means by which the student might "browse" over many books following his tastes which might be later directed along more edifying channels. It was also suggested that "browsing" should start early in the grades.

The second talk was delivered by C. W. Grandy, superintendent of schools of Terry. From many years of experience, he said, that he had found the definite assignment as the most effective. Problems of financing have to be met by outside aids, often by basket sales or by cooperation from the local civic societies.

The following talk was by Payne Templeton, principal of the Flathead County high school, on the subject, "Practical Suggestions for Library Improvement." Templeton stated that nothing could be done about Montana's school library situation, that the problem deserves no higher place than all the other questions now urgent. He emphasized the idea that libraries could not be bought and instantly set in working order but must involve a process of growing and accumulation and adjustment to the needs of its particular community. In mentioning the advisability of legislating library laws, Templeton said that it would be useless to change or tamper with existing laws only in as much as it would bring the importance of the matter before the people. As a means of keeping the teachers and those interested in the library problem, Templeton suggested that a booklet be put out dealing with the subject, and that the training schools should instruct and imbibe the library problem in their students.

M. P. Moe, state superintendent of schools, gave a number of points regarding the problem. Schools must adjust to new conditions.

The last address was rendered by Professor H. G. Merriam, of the English department at the University, president for next year of the council.

Merhar of Butte Wins Golf Title

Sarsfield, Butte, Is Second, Malta Places Third.

Rudy Merhar of Butte, completing his last 18 holes in 80, bringing his total for the 36 to 164, easily repeated his 1929 victory by again winning the State Interscholastic golf tournament here. Merhar is 15 strokes up on his team mate, George Sarsfield. C. Magner of Malta placed third with 184. Bozeman and Helena placed fourth and fifth respectively.

Last year a new interscholastic record was made by Rudolf Merhar, freshman at Butte Public high, who defeated S. Thompson, another mining city entry. He played the 36 holes with a score of 172 strokes, 19 less than his opponent. Merhar bettered the 1928 record set by Richard Eagan, Butte Public high, by 9 strokes. He was hard-pushed by Dave Fitzgerald, Park county, who placed in the runner-up position that year. Fitzgerald is now a University student. Eagan was a member of the State College golf team which played in the State Intercollegiate tournament here last Saturday.

(Continued on page five)

Dansie, Beaverhead, and Caven, Custer County, Tie for Individual Honors; Four Broken Records Stand.

Missoula high school took first honors at the Interscholastic this afternoon with 32 1-3 points. Custer county was second with 24 points and Butte was third with 18 points. Four state records were shattered and one was tied. Dansie of Dillon tied with Caven of Custer for high points with 12 each. Dansie got two firsts, but one of them, the high jump, only counted three, as there were five men tied for first place.

Maple of Belfry cracked the state record for high hurdles with a mark of 16 1-5 seconds. Peden of Custer county shattered the 220-yard dash record, running it in 22.3 seconds. Caven of Custer took the 220-yard low hurdles in 26 1-5 seconds for another record. Dansie of Dillon eclipsed the broad jump record with a leap of 21 feet 9 inches. Peden tied the century record of 10.2 seconds.

Equals Century Record

Adams Is Star Football Man

Played For Grizzly Teams When Undergraduate.

Harry Adams, assistant football coach and director of intra-mural athletics, graduated from the State University in 1921 and was considered one of the most outstanding athletes that Montana has ever produced. Adams, while attending the University, was a three-sport man, playing football, basketball and a sprinter on the track.

The present assistant football coach will be remembered as one of the best open field runners on the football squads on which he played. Some of his long twisting runs have become famous in Montana football history. Adams in 1919 in the annual football battle between the University and Montana State College ran for 72 yards to score a touchdown which tied the score. The College had been leading until late in the last half when Adams uncorked this long run to keep the Montana string of victories intact.

Again in 1919 Harry Adams got loose for a long run against the powerful Washington State team. Adams this time ran 80 yards for a touchdown. The next fall Adams was one of the backfield mainstays in one of the best (Continued on page six)

BUTTE AND POWELL COUNTY PLACE FIRST IN DECLAMATION CONTEST FINALS LAST NIGHT

Betty Kelleher and Richard Lovely Are Winners With "The Valiant" and "Who's Afraid?"

contestants entered. The prizes will be awarded this evening.

Act As Judges

Judges for the final contest last evening were Mrs. C. W. Leaphart, Reverend Thomas W. Bennett and Professor H. G. Merriam. Dean R. H. Jesse presided.

A surprisingly large crowd turned out for the finals last night, the high school auditorium being nearly filled. In spite of the number of finalists, the program was completed in nearly two hours. All the numbers met with enthusiastic applause from the audience.

As a feature on the program, the Montana Grizzly Concert Band gave three selections, "Washington Greys," "Old Colonel" and "Japanese Sunset."

Preliminary Entrants

Other students who took part in the preliminary contests at the University were: Judith M. Wilson, Arrow Creek; Marguerite Doherty, Augusta; Alice Rose, Baker; Betty Rose, Beaverhead County; Irene Johnson, Belt Valley; Olive Midgett, Bridger; Muriel Newton, Broadus; Lucia Lewis, Buffalo; Claire O'Reilly, Butte Central (girls); Josephine Dawson, Cardwell; Lola Albert, Carter County; Melva Reynolds, Cascade; Bernice Wendland, Clyde Park; Kathryn Bailey, Corvallis; Agnes McHugh, Culbertson; Juanita Kircaco, Dixon; Evelyn Myrdal, Fergus County; Marion Benson, Hamilton; Mary Ashbury, Hardin; Evelyn Husband, Harlowton; Clara Mabel Foot, Helena; Leone Davidson, Highwood; Gertrude McColl, Hinsdale; Gertrude Conway, Holy Rosary; Gertrude Schelling, Huntly; Enid Davis, Judith Gap; Jennie Giacobazzi, Klein.

Decorations and S O S.

HOUSE decorations—colored floodlights, airplanes, cardboard figures, Montana signs, miniature college buildings. Lawns and buildings, colorful and bright on a dark, windy evening—a patriotic collegiate ensemble. Every sign stressing the fact that Montana is the place for Montana men. And every decoration an indication of much thoughtful work and a proof of a fine University spirit.

Downtown stores aglow with welcome placards. Streets bedecked with banners and pennants. Townspeople with a ready greeting for their guests. All this, an indication of hearty friendliness to strangers, and of remarkable cooperation between Missoula's business men and Montana's University.

High school visitors, noting these decorations, are undoubtedly impressed. And the entertainment provided them—talks and tournaments, dinners and dances—must certainly show them what an attractive and what a purposeful place the University—their University—is. In our opinion, however, there is one outstanding incident of track meet week—one thing which above everything reveals Montana's sincerity and gives a glimpse of its true worth. This is last night's S O S.

Short talks by school leaders and members of the faculty; songs; yells; the appearance of Mortar Board and Silent Sentinel, and the tapping of new members. And the silence as the tower clock strikes eight. Dean Stone, addressing the new members of Silent Sentinel as the clock strikes; he stops at once. Heads are bowed and bared. The last stroke of the bell; the singing of a hauntingly sweet melody—College Chums. The crowd breaking up; moving away slowly, thoughtfully.

If we were a high school student, it is this track meet S O S that would impress us most of all and be the part of the University we would take back with us and longest remember.—V. H.

Boost Montana.

THE mill levy and bond issue for financing the University comes up before the people of Montana this fall. The University is in need of an extra appropriation in order that it may continue in its work toward further education of Montana high school students. To interest Montana people in the University it is necessary that they be informed of the work of the University as well as its physical appearance.

Track meet visitors have the opportunity of carrying to their homes throughout the state the University and its part in educating Montana's younger generation. The best way to advertise is by interested and active co-operation of many individuals working toward the one goal, and this can be done more by single persons talking up the University than by concerted ballyhoo thrust upon the people at one time. Definitely organized advertising of the University will come later but individuals working up enthusiasm about it will prepare the way and make the final result more successful.—G. A.

Frivolous Flora

Dear Maw and Paw: The meet is great. I'm coming again next year. The place looks good and I sure would hate to miss comin' up here.

A coupla records were busted already by a mile. The ol' meet aint quite over yet, but its just a little while.

"Bony" Custer from Missoula high has sure been strutting his stuff. I've been trying to give him the come-hither eye but he's on some other girl's cuff.

This Peden guy from Custer is catching my eye too. My heart goes all afflutter when he streaks down the blue. When he stepped off in the hundred he burned the cinder track, made it look like the other guys were just on their way back.

The Maple boy from Belfry must have an awful past. He set a hurdle record, and my Gawd! Was he fast! There was dirty work done yesterday. I didn't win the declam I smiled at the judges too, but they didn't give a dam.

The home town didn't get no points, though they have some, I know. There's dirty work on foot of course. Too bad for dear ol' BLOUGH. If you'll send some cash for a tick I'll be startin' home tomorra. Sure am havin' a great old time.

Your loving daughter,

Flora

BAND GIVES FINAL CONCERT OF YEAR

Feature Numbers on Program Sunday Afternoon.

An open-air band concert was played Sunday at 3 o'clock from a stand near Main hall by the Grizzly band. This concert, featuring a trumpet duet, trombone quartet and a woodwind quartet, was the last for the year although the band will play during track meet.

The program played:

1. March, "Washington Grays," by Grafulla.
2. Overture, "Stradella," by F. Von Flotow.
3. Selection, "Bridal Song," by Goldmark.

4. Trumpet duet, "Al and Pal," by Short (played by Eldon and Fay Couey).
5. Suite, "La Feria" by Lacomme—
(a) Los Toros
(b) La Reja.
(c) La Zarzuela.
6. Novelty numbers—
(a) "Doll Dance" by Brown.
(b) "Old Colonel March" by Sli-kret.
7. Descriptive numbers—
(a) "Japanese Sunset" by Peppen.
(b) "Echoes from the Volga" by Sereby.
8. Woodwind quartet, "Deep River," by Bilsette.
9. Trombone quartet, "Sweet and Low," by Bromby.
10. "The Fortune Teller," by Victor Herbert.
11. March, "Stars and Stripes Forever," by Sousa.

Sigma Chi Picnic

An Oriental buffet supper was the entertainment offered by Alpha Phi to sixty visiting high school senior women at the chapter house on University avenue. The house was transformed into an oriental living room. The oriental theme was followed out in the program which consisted of vocal numbers by Beatrice Moravetz and Jeanne Cunningham, a slave dance by Gertrude Hawks, Kathleen Harrigan and Helen Huston; a tiger dance was performed by Martha Jeffrey and Yvette Bell; Phyllis Lehman and Evelyn Mattmiller played a violin duet, Doris Kindschy played the part of the Sultan.

Constance Priest of Lewistown is visiting at the Alpha Phi house during the week.

Alice Johnson from Charlo is visiting at the Kappa Delta house over the week-end.

Muriel Stone is the guest of Cornelia Stussy at North hall.

Mrs. Max Jacobs of Helena is visiting Mrs. L. D. Williams of Missoula and Margaret Jacobs of North hall over the week-end.

Solveig Underen is visiting at her home in Florence.

Mrs. Noland, housemother at the Zeta Chi house, is entertaining all of the Zeta Chi girls at a week-end party at her cabin at Flathead lake.

Ruth Jackson is visiting her home in Livingston.

Rose Southworth is visiting relatives in Stevensville.

Dorothy Kruger is spending the week at her home in Plains.

Patricia Weber is visiting at her home in Kallispell.

Members of Mortar Board enjoyed a picnic Tuesday night up the west side of the Rattlesnake. About ten members attended.

Thirty high school senior women were entertained at a buffet supper at the Kappa Kappa Gamma chapter house on Connell avenue Thursday from 5:30 to 7 o'clock. Lilacs and pink and lavender tulips were effectively arranged in the dining rooms.

The program consisted of several

trios sung by Billie and Allen Burke and Rowe Morrell. Gladys, Helen and Margaret Price also sang a number of trios.

Maybelle Redding and Charlotte Heberlein of Helena are visiting at the Kappa Kappa Gamma house this week.

Jeanette Mellen is visiting Leola Stevens at her home in Polson for the week.

Clara Flinn, who is teaching in Charlo, is visiting at the Alpha Xi Delta house over the week-end.

Alda Saue of Butte is a visitor at the Alpha Xi Delta house during track meet week.

Louise Keith of Kallispell is visiting at the Kappa Kappa Gamma house this week.

Billie Burke of Helena is visiting at the Kappa Kappa Gamma house during track week.

Gordon Lapeyre of Great Falls is visiting at the Sigma Nu house during track week.

Mrs. Ralph D. Cook of Great Falls is visiting at the Alpha Xi Delta house and Olga Hammer at North hall. Mrs. Cook was before her marriage last fall, Ethel Patton, and attended the University for three years.

Betty Cooper, Charlotte Smith, Jean and Louise Sanders, and Margaret Warner were dinner guests at the Kappa Kappa Gamma house on Monday.

Five Years Ago

What were you doing five years ago?

Was your school one of the 91 entered in the Twenty-second Annual Interscholastic meet? (One hundred twenty-seven are entered this year.)

"Montana for Montana Students" was then "Watch Montana Grow."

Eighteen high school papers were in the Interscholastic Editorial Association contest. (This year there are 57.)

Russell Sweet, whom the youngsters may not remember as a Montana letter man in football, basketball and track, had just broken the Seattle Relay record in the 100-yard dash.

In fact Montana carried away a number of honors from that famous Pacific coast meet. What a lot of enthusiasm the high school students must have found at the U when they came up for track the next week.

And speaking of ads, one of them shows that long dresses were becoming shorter again. They had about reached the present length. And the hats—oh, my dear, you should see the pictures of the hats!

According to an ad "a hot five-piece dance band" had "just returned from the Orient."

The back track meet Kaimin carried a picture of Craig hall, with this description: "From 65 to 70 women reside in the hall—and many students eat in the cafeteria maintained in the basement of the building."

As to track events, Butte was the big winner for the second consecutive time. Darby and Bainville captured first honors in declam, the sophomores won the "hardest fought tug for many years."

Press association meetings came to a close after electing "Robert Struckman, editor of the Shepherd, Sweet

Grass county high," as president. Kings and Butte won the cups. Gall, now a student in the School of Journalism, was press delegate Billings that year.

KUOM finished broadcasting Grizzlies. But then the Montana Kaimin belled an editorial "It Ain't Got Rain No Mo'!"

Visitors at the Kappa Alpha house during track meet are Teddy McMahon of Butte, Don Brown, Ruth Rhodes, Chas. Southmayd and Grace Batchelle of Great Falls, Mrs. Frances Daven and Ann McLanahan of Butte, Berta Holt of Miles City, Mary Murphy of Butte, Mrs. Lee Walter of Great Falls.

OLD GOLD cigarettes in a stunning new velour box!

If you could go to Paris... to clever French tabac shops... you might find a cigarette box as smart as this. Or maybe in Berlin... or Vienna. But now OLD GOLD has caught the continental flair for packaging... dressed its familiar "fifties" package in this golden velour paper... and delivered it, for you, to your nearest dealer's. It's a stunning box to keep on your study table... to pass to your friends... or to take on trips. And it costs no more than the regular "fifties" tin. Now on sale everywhere.

If dealer cannot supply, send 35¢ to Old Gold, 119 W. 40th St., New York

HOME ECONOMICS CLOTHING CLASS FINISHES DRESSES BEFORE TRACK

Department Offers Courses in Home Management, Dietetics, Clothing, Foods and Teaching.

Women in the clothing classes have been particularly busy the last two weeks attempting to finish their new dresses before track week. This will undoubtedly account for the well-dressed University women the visitors have seen on the campus, for the home economics department offers very practical courses.

Miss Helen Gleason, head of the department, says that she is "definitely interested in the development of the college woman so that she can handle her life problems more intelligently, so that in her home she will be master of the situation and not overwhelmed with the innumerable activities for which she will be responsible." To this end the department offers a study of the scientific and artistic principles underlying the problems connected with running a home.

Majors in the department may become teachers in high schools and other secondary schools, normal schools and colleges, or they may become dietitians or managers of institutions such as hospitals, dormitories, tea rooms, cafeterias. All home economics students take a service course during the first two years, then specialize during the last two years according to their purpose.

The beginning home economics courses are very general. Beginning "clothing" aims to develop discrimination in selecting and making clothes. Three different types of dresses, each of a different kind of material, are made by each student in this class.

Beginning "foods" is a service course, teaching the fundamentals of food value and preparation. Advanced classes develop into more elaborate technical and theoretical courses.

Advanced dress design class consists of sketching designs, criticizing them, and actually modelling the patterns in tissue paper. One of the six original patterns required in this course is made up in material.

The department is open to visitors during track meet.

Food Experiment

In a recent article of a woman's magazine was an article about "vitamins under the skin." The article led to some discussion in the class in Problems in Nutrition. Is food value lost by peeling? Should fruits and vegetables be peeled more thinly, or should they be peeled at all? Is the pulp of oranges harmful or does it contain precious vitamins?

The class needed an unsolved problem to work on in order to learn research methods. Here was an interesting topic on which material could not be found to answer their questions. This was a few weeks ago.

Now three groups of rats are thriving on a very particular diet. One group is fed nothing but orange peels; another group is fed the white pulp just under the skin of the orange, and still another is favored with the juicy part of the orange. Which group will grow faster? Which part of the orange contains the vitamins? Although the rats are carefully weighed twice a week the experiment has not been conducted long enough yet to demonstrate anything definite.

Viola Everson and Anne Brown, seniors in the class, have charge of the experiment.

Helen Karsted of Butte is the guest of Catherine Coughlin at North hall.

Who's Who

Although track is occupying the activities of the 400 athletes now participating in the Interscholastic meet the records reveal a host of men who are well known in other fields of sport.

Prominent among the Butte Central delegation are Freebourne and McCarthy, both of whom starred in basketball and football this year.

Pladager of Billings was an outstanding star in basketball during the past season.

Coch Sam Kain of Miles City has several of his football and basketball men up here for track including Caven, McKenzie, Nugent, Peden and Hubbard.

Gallatin County high school offers Esgar, Haskins and Moore for their 1930 basketball team.

Carpenter, Conroy and Edwards of Hamilton all participated in other sports during the year.

Missoula high school has a strong representation of stars in other sports with Dishrow, Saylor, Holmes, Fallman and Jones.

Hollibaugh, the Stevensville weight man, was one of the mainstays of the Yellowjackets basketball team this last year. Erickson, Hall, Lybarger and others also were prominent in other sports.

Plains has a full basketball team here in Doering, Walkley, Vacura, Kramer and Johnson.

Kappa Delta sorority entertained at a luncheon Thursday from 11:30 to 1:30 at the Palace hotel dining hall. Twenty-five guests and thirty active members were seated at two large tables decorated in modernistic designs. The sorority colors, green and white, were carried out in the place cards and balloons.

Milburn's Last Season Is 1930

Football Coach Will Return to Active Army Service.

When the football season opens at the University next fall, Major Frank Milburn will be starting his last season as head coach of the Grizzly football teams. Milburn has instilled a fighting spirit in Montana's teams in addition to turning out well coached squads and the University will regret his leaving.

Major Milburn is also commandant of the Montana R. O. T. C. unit and under army regulations must return to active army service next year as he has already served an extra year at the University. In line with his military duties at the University, Milburn has developed the Grizzly battalion to the rating of excellent.

Previous to coming to Montana, Milburn was coach of the infantry football teams and athletic director at Fort Benning, Georgia. His football teams at the Georgia fort were always leaders among the service teams of the South and East. In 1926, Milburn was transferred from Fort Benning to Montana and he took charge of the Grizzly squad that fall.

Major Milburn is a graduate of West Point where he was an outstanding halfback. He played on the Army football teams of 1910, 1911, 1912 and 1913. In baseball, Milburn carried the Army's colors at the catcher's position. In his senior year, he was awarded the Athletic Saber which is given each year to the best all-around athlete and is the most coveted award of the Military Academy.

When he came to Montana, he also was head baseball coach but this sport has since been abandoned here in favor of track and spring football. Coach Milburn has worked hard and his teams have gained recognition on the coast for their drive and fight. For

four years, he has drilled his system into the Grizzlies and it appears that his fifth and last season in Missoula will be his best as there will be many veterans returning next fall. In spring training this last few weeks, all members of the squad have worked with a determination as though they were intent on making Milburn's last year as a Grizzly a success.

Recognize Lennes as Authority on Math

Use His Textbook in Universities, High and Grade Schools.

Among the distinguished members of the faculty of the Montana State University is Dr. N. J. Lennes, chairman of the mathematics department. Dr. Lennes is nationally recognized as an authority on mathematics, and is one of the foremost text-book writers in the United States. His books are used in more than two hundred colleges and universities, and his grade school material is used in every state in the Union.

His texts deal with all subjects of mathematics, from arithmetic for grade schools to Infinitesimal Analysis for graduate work in the university. His texts are a series of arithmetics, practice works, high school algebras, high school geometries, business arithmetics, farm accounting, teaching of arithmetic, five volumes of college texts, "Infinitesimal Analysis" and "Whither Democracy." Some of these are in collaboration with others.

The Montana Department of Mathematics also has on its faculty Professor E. F. A. Carey and Dr. A. S. Merrill, who is co-author of two works with Dr. Lennes. Dr. Merrill has charge of the various mathematical subjects relating to business, among them being statistics and the theory of business investment.

Helen Eno, Butte, is visiting her sister, Florentine Eno, at the Kappa Delta house this week.

"LITTLE KAIMIN" APPEARS TODAY

Paper Contains History of Journalism School.

"The Little Kaimin," a new feature for the delegates to the Editorial Association, appeared this morning. This paper was edited by members of The Press Club, Sigma Delta Chi, and Theta Sigma Phi.

The paper contains the history of the School of Journalism, the winning papers and annual in the Editorial Association contest, officers of the three Journalism societies. Of primary interest to the delegates were short notes about the high school papers, the delegates and the judges.

Activities of the Press Club, Sigma Delta Chi and Theta Sigma Phi were also told about in this edition. Melville Rawn is president of Sigma Delta Chi, and Mary Wilson is president of Theta Sigma Phi. Bill Kelly is Press Club president. The policy and purpose of The Montana Kaimin and The Sentinel were also told.

In connection with the publication of The Little Kaimin an exhibit of snaps, memory books, and scrap books showing the activities and functions of the Journalism fraternities was displayed.

THETA BREAKFAST

Members of Kappa Alpha Theta entertained at a breakfast for about 50 high school senior women at the Country Club Thursday morning from 11:30 to 1:30 o'clock. Four places were set at each of the small tables which were daintily arrayed with lilies and tulips.

PHARMACY SCHOOL GROWS FROM TWO STUDENTS TO 170 GRADUATES

Supports Club and Two Professional Fraternities for Students Interested in Work.

From two students to 450 students matriculated and 170 graduates in 23 years has been the history of the School of Pharmacy first established at Bozeman in 1907. Mr. F. W. Gordon, Ph. C., B. S., Michigan University, was the first instructor, but he resigned after six weeks. Charles E. F. Mollett, Ph. C., Kansas University, and the present Dean of the School, was chosen to succeed him as head of the department and instructor in Pharmacy and Chemistry.

The department had no separate rooms and very little equipment when it was first organized, but in the spring of 1908 two rooms in the basement of the chemistry building were renovated, one for a lecture room and office and the other for a laboratory and small stock room.

Professor Mollett outlined a new curriculum in 1908 which includes a two-year course, a three-year course, as well as a four-year course. The degree of Pharmaceutical Graduate was given for the two-year course, which was dropped in 1927; Pharmaceutical Chemist, Ph. C., is given for the three-year course; and Bachelor of Science in Pharmacy is given for the four-year course.

During the summer of 1913, the Pharmacy school was transferred to the State University, where it was installed on the ground floor of the old Science hall, which rooms it still occupies. Three shop rooms in the rear of the building were completely overhauled during the summer of 1926, one equipped as a laboratory and the other two as lecture rooms, all of which are jointly used by the School of Pharmacy and the Chemistry department.

One of the interesting items of equipment is a small medicinal plant garden, begun by the transfer of some of the plants found growing about Missoula to a small plot southeast of the building which housed the school. The project received increased support and in the spring and summer of 1926 the garden was transferred a few hundred feet southeast of the old location. A modern lattice shed with a cement base was built and forty plots laid out. A number of experiments with seeds and plants furnished by the Division of Medicinal & Poisonous Plant Investigations, of the U. S. Department of Agriculture, have been carried on successfully.

The School of Pharmacy was endorsed by the Montana State Pharmaceutical Association and in 1914 the school also became a member of the National Association of Colleges of Pharmacy. The Pharmacy school received membership in the United States Pharmacopoeial Convention in 1920, which meets every ten years to revise the official standards of all drugs and medicines of the United States. Dean Mollett attended the convention in 1920, but was unable to attend the meeting this year.

The Pharmacy students organized the Pharmacy club in 1908. All students of the school belong to this organization. The purpose of the club is to bring the students into closer contact with each other and to acquaint them with well-known pharmacists, as well as the scientific and practical problems of pharmacy. The club also has picnics during the fall and spring quarters and a dance the winter quarter. Kappa Psi, men's national honorary pharmacy fraternity, was organized in 1920; and Kappa Epsilon, women's national honorary pharmacy fraternity, was organized in 1923. Students are pledged to these fraternities when they have earned a certain number of credits in the school; they must have scholarship and professional interest. Both of these fraternities are in the better schools of pharmacy in the United States. The purpose of these fraternities is to promote interest in pharmacy, acquaint the students with professional ideals and create a professional atmosphere.

At present there are only two instructors for the School of Pharmacy—Dean C. E. F. Mollett, and Professor John Suchy. Previous to 1921, there had been three instructors but lack of funds made it impossible to retain the third professor. The School of Pharmacy has been working under a great handicap due to the lack of a sufficient staff and a suitable building equipped for laboratory purposes. Despite these handicaps the School of Pharmacy at the State University is recognized as one of the best in the United States due to its splendid and efficient but overworked teaching staff. There is an increasing demand throughout the state for druggists. All pharmacists in Montana give preference to those applicants who are graduates of the School of Pharmacy at the State University.

ASUM President

Carl Walker

house to take dinner, speaking only Spanish during the meal. This is the method by which students may socialize and expand their speaking knowledge in an entertaining and constructive manner. The Spanish Tables were held on Tuesday and Thursday evenings at the Blue Parrot Tea Room, under the direction of Miss Elsie Eminger and Miss Cecilia Sughrue, Spanish instructors.

As the feature event of the year, for the Spanish club and as an added opportunity for speaking experience, a play is produced in Spanish by students who are selected for their parts by competitive elimination. The participants pledge themselves to give unlimited time and attention to make this production a superb attraction both in speech and action.

Zaraguetta, a Spanish comedy, was presented in the Little Theatre, March 13, before an audience of 500. Miss Elsie Eminger devoted her entire talent toward the direction of the cast which consisted of nine proficient performers, assisted by an able stage crew. As the result of the monotony of three hours each day for three months of rehearsing, the final presentation was a nearly genuine reproduction of Spanish atmosphere and customs.

As the last formal function of the year, the Spanish club plans, May 4, a Banquete del Campo or country picnic, to which all Spanish students having had five or more quarters of Spanish are cordially invited. The time and the place are yet to be decided by the program committee which will post due notices. A charge of 35 cents will be made to cover costs.

ASUM Vice President

Mary Louise Davenport

Spanish Department Fosters Activities

Spanish Tables, Zaraguetta and Banquet Are Features.

The Spanish department supports extra-curricular activities which give the Spanish student ample opportunity to gain fluency in speaking and to find social contact with other students of the subject.

The Spanish club has been on its present status for seven years and with each new group it has proved a pleasurable recreation. This year the club has had an average attendance at each meeting of 23 members. Various social fraternities have acted as hosts to the bi-weekly meeting. Particularly strong is the feeling of democracy which pervades the club, and is enhanced through the acquaintance and contact with others. Glenn Lockwood was the president this year and Geraldine Every treasurer.

Spanish Tables is a meeting twice a week of Spanish students at a tea

HOLD SPORT DAY FOR GIRLS TODAY

Entertain High School Visitors In Swimming Pool.

Annual high school sport day was held Friday morning from 9 o'clock to 11 o'clock in the University swimming pool. All girls visiting Missoula during track meet were invited to the event by the Women's Athletic Association of the Physical Education department.

Dorothy Kelly was in charge of the affair. She was assisted by Mrs. Harriet Wood, physical education instructor, and Helen Bruneau, Unarose Flannery and Ruth Nickey, students who are majoring in the department.

A balloon race was the feature of the morning. Other formal entertainment was a candle race and leapfrog games. Between these events the girls played with balls and balloons and displayed their prowess at fancy diving.

About forty girls participated in the affair.

A similar Play Day for high school girls from surrounding towns was sponsored by the same organization all day Saturday, May 3. About 215 girls from six high schools attended this play day, which was the first of its kind, although the track meet sport day for visitors is held every year. Interscholar contests in various sports were held, lunch was served and the girls learned some folk dances.

Women's Athletic Association also gives a party every year at Christmas time for grade school children. These events are arranged and conducted by women majoring in the department. Invitations are issued to the group to participate and no charge is made.

Besides the events for grade school children and high school girls W. A. A. conducts a number of contests, meets and other sport events through the year for University women.

Mrs. Krum of Anaconda visited her daughter, Genevieve, at North hall Sunday.

Physical Education Majors Plan Picnic

Rule Is Elected President of Men's Organization.

Phi Epsilon Kappa and Delta Psi Kappa, respectively men's and women's national honorary physical education fraternities, plan to hold their annual joint picnic up the Rattlesnake Thursday, May 22. Phi Epsilon Kappa held an election of officers at a recent meeting. Those taking office are: Ted Rule, president; Emile Perey, vice president; Dick Robinson, secretary and treasurer; Jerry Ryan, sergeant at arms.

Trackmeet Jobs

Track meet seems to have done more than just serving as a welcome diversion for students at the University. Odd jobs are in order, both the kind that one invents for himself and the kind that is invented for one.

Inspecting programs for the Little Theater tournament was one of the many somewhat doubtful official jobs that sprang into being on the campus. Another student was offered the position of official alarm clock to visiting contestants who thought more of their sleep than they did their work.

Mrs. Scott of Butte is visiting her daughter, Helen, this week.

Mr. and Mrs. MacDonald who have been visiting in Kallispell spent a few days with their daughter, Margaret, at North hall.

YOTE OF BILLINGS WINS FIRST IN ANNUAL CONTEST FLATHEAD "ARROW," PAPER

**S. Newspaper Delegates
Elect Officers for Next
Year at Last Meeting.**

Billings high school annual, "The Yote," won first place in the year book contest. "The Arrow" of Flathead County high school at Kalispell won the cup for first place in Class A. The Gallatin High News" of Bozeman as well as three-fourths of a point behind "The Arrow." "The Stampede" of Havre won Class B; "The Sheepherder" of Big Timber, Class C; "The Agribush Saga" of Jordan, Class D. The Manhattan Community Searchlight" won in a new class created this year for high school papers which are so community papers. "The Plover Herald" and "The Poplar Pop" are the other papers in this class.

Fred Fredell, vice president of the McKee-Mears Engraving company of St. Paul, donated the cup to be given to the winning year book. Dean A. L. Stone of the School of Journalism donated the cup for the new class. The ups for Class A and Class B are given by the Montana Press Association. Sigma Delta Chi, International Men's honorary Journalism fraternity, gave the cups for Class C and Class D respectively.

"The contest this year shows remarkable improvement in the quality of newspapers as well as an increase in the quantity, and never before, since competition started, has a contest been so close," said Dean A. L. Stone in speaking of the meet.

According to the judges, the competition was very close, making it extremely difficult to determine the winners.

Zeta Chi and DSL Win Firsts

**House Decoration Contest Is Judged
Last Night.**

Zeta Chi sorority and Delta Sigma Lambda fraternity won the silver cups for having the best house decorations for track meet, according to the decision of the five judges last night. Sigma Phi Epsilon, Sigma Alpha Epsilon, Kappa Alpha Theta and Sigma Kappa received honorable mention for their decorations.

The Zeta Chi scheme of decorating was a large University seal with red torch in the center lighted with orange and black lights in the background with red light predominating. A block M and hello sign advertised the University. "Its appeal of selling the University through the seal and M was most effective," according to Dean R. S. Line, chairman of the judging committee.

Delta Sigma Lambda built a reproduction of Main hall with the tower clock which ticked and chimed. Below this was a map of Montana, Missoula was designated by a blue light. Flickering lights played over the entire set on which "Montana for Montana Students" was the slogan.

Kappa Alpha Theta, which won hon-

orable mention, had a large wishbone with Montana spelled out on it and with streamers going down to the sign "Wishing You a Welcome." Sigma Kappa built a bathing beauty set with the caption "Get in the Swim."

Sigma Phi Epsilon, the fraternity winning honorable mention, had a huge cardboard college man pointing to the sign "Montana U Like It." A large lighted M revolved on the roof. Sigma Alpha Epsilon winning honorable mention had a mechanical device of a student driving a wagon below a Grizzly and the caption "Why hitch your wagon to a star?"

Judges of the house decorations were Dean R. C. Line, Prof. C. E. Mollett, Prof. Earl Bennett, Miss Elsie Eminger and Mrs. Inez Abbott. The decorations judges inspected the decorated houses both in the daytime and at night as the effect of some of the decorations depended upon lighting to show the effectiveness of the display. The houses were judged not for their aesthetic effect to the house but for the effect or display that best advertised to the high school visitors the State University of Montana or the Interscholastic Track Meet.

Declam Contest

(Continued from Page 1.) Elizabeth Gill, Lincoln County; Lillian McCarchern, Medicine Lake; Bernice Hunter, Moore; Helen Mecham, Noxon; Maxine Mallory, Polson; Iona Brumfield, Reed Point; Betty Martin, Saco; Pauline Falk, Sacred Heart Academy; June Ely, Simms; Doris Ebeling, Terry; Helen Dale, Teton County; Tlyce Herbig, Thompson Falls; Mildred Holbert, Virginia City; Equilla Sutherland, Wibaux County; Arthur Rock, Alberton; Henry Jorgenson, Antelope; Price Rigby, Belfrey; Hughes Spain, Blaine; Merrill Grafton, Billings; Lloyd La Fond, Bowdin; Merritt Warden, Broadview; Earl Welton, Broadwater County; Eugene Skarle, Froid; Joe Switzer, Fromberg; Ted Alderson, Gallatin County; Marvyn Witt, Garfield County; Thom Vanell, Lavina; Clarence LaCasse, Loyola; Monte Robertson, Malta; John Parker, Manhattan; Clair Johnson, Outlook; Nelson Cummings, Park County; Harry Blackburn, Plains; Charles Johnson, Plentywood; Walter Oldenburg, Rapelle; Foster Polley, Ronan; Earhaman Butterworth, St. Ignatus; James Castles, Superior; Jack Pace, Whitehall; Kenneth Stephenson, Wolf Point.

Winners Last Year
Winners last year were Mary Esther Ridenour, Fort Benton, and Donald Nash, Bozeman. Miss Ridenour gave "Playing Jokes on a Guide," from "Innocents Abroad," by Mark Twain, and Nash's selection was "Santa Fe Trail," by Vachel Lindsey.

William E. Boston is visiting in Anaconda.

126 N. Higgins

Track Committee

(Continued from Page 1.)

Interscholastic Track Meet held in 1904 and has been active in many track meets since. He is a faculty representative on Central Board, student governing body, and a member of the Student Union building committee.

"Doc" Schreiber

To the thousands of high school athletes who have trooped into the meff's gymnasium during Interscholastic for the past 15 years, "Doc Schreiber" is no stranger.

His official position during Interscholastic is that of director of athletics and general manager—no small task. Since "Doc" first came to Montana the track meet has grown rapidly and the efficient way in which he has handled his part of this great meet is a splendid achievement.

"Doc" is one of the group of men on the University faculty who have built up the Montana Interscholastic track meet to its present place in the world of sport. It is something of which this institution and the state is enormously proud.

Each year the work of the athletic director grows more difficult but there is never the slightest let-down in the work.

In his University work "Doc" carries the title of director of the physical education department and hardly a man enters the University who does not come in contact with him and his work.

The University feels that the building up of the Montana Interscholastic meet to its present proportions has done much to establish cordial relations between the high schools of the state and the greater University of Montana. To "Doc" Schreiber must go a great deal of credit for its success.

Mrs. Mildred Stone

Mrs. Mildred Stone, Dean of Women at the University, has done much to help make the Twenty-seventh track meet at the University a success this year. One of the major problems facing the Interscholastic committee each year is the housing and taking care of the great number of women visitors, contestants and chaperones who come to Missoula to compete and to be entertained.

This year Mrs. Stone has housed over a hundred and fifty Missoula

guests, a few in the dormitories and about one hundred and thirty-five in private homes in Missoula. Residents of Missoula have been most generous in opening their homes to the visitors.

Aside from assigning rooms and making general arrangements Mrs. Stone has met every train which has brought in delegates since Monday, and her willingness to help make the meet a success has been reflected in the work of the Tanans.

Mrs. Stone has the welfare of the University at heart, being a native of Montana and having attended the University from which she graduated a few years ago.

Dean Miller

J. Earl Miller is dean of men at the State University of Montana, succeeding Dr. R. H. Jesse in this position a year ago. He is professor of history and political science, and serves on the standing absence committee. "Burley" received his B.A. from the University of Kansas in 1910, and his LL.B. from that school in 1912. Two years later he received his M.A. from the University of Illinois, and in 1917, a Ph.D. from there.

"Jock" Stewart

Eight years ago Coach "Jock" Stewart came to Montana State University as director of athletics, succeeding Coach Bernie Bierman. Since then he has become widely known as the producer of Sweets and Gillette and record breaking relay teams at the annual

University of Washington relay carnival at Seattle. He came here with an exceptionally good record and since then his work has been no less remarkable.

Coach Stewart has lost only three dual track meets in eighteen years. His winning track teams here have been consistently made from green material, for few interscholastic stars are available, and he makes track an open sport at the University. Every man has a chance to make a place for himself, and those who show any sign of ability are given plenty of encouragement and leeway for development.

In addition to being Grizzly track mentor, Stewart is coach of the basketball team. When he first came to Montana he was also football coach, where he displayed skill in directing gridiron activities.

Before coming here, Coach Stewart was head track coach at the University of South Dakota, at Vermillion. Previous to that he had developed championship high school teams at Cherokee and Sioux City, Iowa, and at Sioux Falls, South Dakota. As an undergraduate, he was a track man in Pennsylvania.

R. A. Coleman

Rufus A. Coleman, member of the Interscholastic Committee, has charge of the declamatory contests, the essays and debate during Track week. During the other weeks of the school year he is instructor in the English

Golf Match

(Continued from Page 1.)

The tournament consisted of 36 holes of medal play, 18 yesterday morning and 18 this morning. Medals are awarded to the winners of the first three places in the State Interscholastic tourney. Students who have officiated in the tourney are Chinske, Patterson, Davidson, Wedum, Skoog, Whitaker, Button, Fitzgerald, Heagy, Dussault, Cornell, Hauck, Aikens, M. Anderson, Marlowe, Belangie, Romersa, Woodrow and Nauman.

department. He acts on the Board of Advisers, a standing committee in the University.

A. S. Merrill

A. S. Merrill, handling publicity and program on the Interscholastic committee, is an associate professor in the mathematics department and teaches astronomy courses in addition to mathematics.

Wilfred Felharber of the Associated Press visited friends in Missoula while in town on business.

We hope to see all of you back again next year.

UNIVERSITY MEETS GONZAGA MEN IN DUAL TRACKMEET TOMORROW

Stewart's Team Is Crippled But Prospects Are Bright.

Despite the loss of fourteen possible point-getters through ineligibility and four through injuries Coach Jim Stewart is optimistic regarding the outcome of the dual track meet with Gonzaga tomorrow. Walter Cox, one of the most consistent discus throwers on the Grizzly squad, submitted to an operation for appendicitis early this week while Howard Hill and Simons, crack sprinters, will not be entered because of injuries.

George Grover, Grizzly miler, will probably be unable to run, according to Stewart, because of poor physical condition. He will be given a thorough physical examination before the meet and whether he will be able to compete depends upon the verdict of the doctor.

To give Gonzaga a more complete squad, Coach Stewart, upon request, consented to let the visiting squad use first-year men in competition. Conference schools are not allowed to use freshmen, while opposing teams may, with the consent of the coach.

Gonzaga last year had one of the strongest track teams in the history of the institution as evinced by points garnered in previous meets. Most of last year's best performers are on the squad again this season.

Men who have made the best showing in meets so far this year for Gonzaga include McKenna, a century man hovering close to 10 seconds, who also runs the 20 in fast time. The fact that Simons and Hill, Grizzly sprinters, will not be in the tussle, shifts the responsibility to the shoulders of Parmenter, Snyder and Samples. Yerkes is another Gonzaga man upon whom the visiting team is laying its hopes in the dashes.

In the discus throw Gonzaga will probably be represented by Lemery, Pradolini and Lenhart while Tanksley and Carlson will heave the javelin. Best bets for the shot put will be Pradolini and Lenhart. These two men have been throwing the discus over 120 feet which should not bother Perey and Page on the Grizzly squad.

Jayick, Gonzaga anchor man on the mile relay team, has been a consistent point-getter in previous meets in the 440. Stoltz will represent the visitors in the distance run.

After losing most of his veteran tracksters via grade curve and injury, Jim Stewart sent a squad of comparatively inexperienced men on the field last Saturday to win the state intercollegiate meet. The team this fighting Grizzly squad defeated was one of the strongest track teams Bozeman has produced in some years.

The Grizzlies were fighting against the same odds last week that they will face tomorrow—Bozeman used freshman and Gonzaga will use freshman. The last minute announcement that Grover and Hill and Simons will not be able to compete makes it a tougher grind yet for Stewart's men.

Award Trophies

(Continued from page one)

doubles, Missoula, first; Butte, second.

Rudy Merhar of Butte Public high school, winner of first place in golf last year, again won the gold medal this year. George Sarfield of Butte won second place and a silver medal, and C. Magner of Malta won third.

Roderick Cowles of Gallatin county high school wrote the winning essay in the essay contest, winning a gold medal and has all expenses to track meet paid.

Five cups are awarded for track events. The Donohue relay cup, given by the D. J. Donohue Co. of Missoula, and given permanently to the school with the most points in relay after five years. Custer county high school is the first winner of the new cup. Great Falls was a permanent winner of this cup last year.

The Lions' relay cup offered by the Lions' club goes to Custer county as the winner of the relay this year. Great Falls won the relay cup offered by the University last year.

Missoula County high school won the Rotary cup for the school winning the 1930 meet. Butte Public won last year's meet.

The Missoula Mercantile Co. offers a cup to the school winning the most points, to become the permanent possession of the school winning the most points in five years. Missoula County as winner of the 1930 meet gets this cup this year. Butte Public high school won this cup permanently last year.

Beaverhead, tied Caven of Custer for individual honors in track and field events. G. Robinson of Manhattan high school was the winner last year. Missoula County receives a gold medal as winner of the meet. Custer County, winner of second place in the meet, will be awarded a silver medal. Butte Public, last year's winner, gets third place and a bronze medal. Whitefish and Belfry, winners of fourth and fifth places, get ribbons.

year's mark by one-half a second. Next in the mile came McKenna, Whitefish; Matross, Belfry; Tweto, Missoula; and Rose, Flathead.

New Hurdle Record

Maple romped beautifully over the 120-yard high hurdles finals to bring the small town of Belfry into the spotlight, breaking the state record with a mark of 16 1/5 seconds. The big fellow spilled the dope by beating Dan- sie of Dillon. Dan- sie took second, then came Caven, Custer county; Loggins, Butte; and King, Flathead.

Low Hurdles and Semi-Finals

Caven of Custer set a new state record in the third heat of the 220-yard low hurdle trials, his mark being 26.2 seconds. Caven took the same event last year with a mark of 27 seconds. King, Flathead, took second, followed by Sayler, Missoula; and Taylor, Belgrade.

In the first heat of the low hurdles trials Minckles, Whitefish took first at 26 4/5 seconds; Brown, Butte; Whitesitt, Stevensville; Cobb, Corvallis.

In the second trial heat of the lows the order was Evans, Fergus; Cole, Missoula; Popovich, Butte; McVey, Victor. Time was 27 1-5.

The last heat of this event was run with Agather, Flathead, first; Maple, Belfry; Robbins, Simms; Loggins, Butte.

Low Hurdle Final

Caven of Custer dashed over the low hurdles in the finals, losing a shoe and breaking the state record with a mark of 26 seconds, but this was not allowed as he kicked over one hurdle. The order of the other placers was: Brown, Butte; Minckle, Whitefish; King, Flathead; Maple, Belfry.

Broad Jump

Dansie of Dillon took the broad jump finals with a new state record of 21 feet 9 inches. Sayler of Missoula was second, followed by Disbrow, Missoula; Kastelitz, Bearcreek; Custer, Missoula.

High Jump Final

Five men tied for first in the high jump finals at 5 feet 9 inches. They

were Dansie, Dillon; Brown, Butte; Wilder, Fergus; Walker, Malta; Disbrow, Missoula.

Javelin

Fallman of Missoula took the javelin event with a hurl of 161 feet 5 inches. He was followed by Murdo, Carbon; McKenna, Whitefish; Fladager, Billings; Hull, Corvallis.

Relay

In the relay the Custer county team won, turning in a time of 1 minute 37 seconds.

Adams Is Star

(Continued from page one)

of Montana football teams. It was in 1920 that Montana administered the only defeat of the University of Washington team through the stellar work of Adams. He ran 62 yards in this game to score a touchdown which proved to be the winning points.

As a runner Adams was one of the finest in the school. In 1920 he was a member of the Montana relay team that established a new record for the 400-yard relay at the Washington Relay Carnival. At that time this record was a world's record and still stands as the 400-yard relay record of the Washington Carnival.

This is what Seattle papers said of Adams' remarkable feat in this race: "According to witnesses Adams' feat of running the 220 while so badly crippled that he should have been in a trainer's care, was one of the gamest exhibitions ever seen in the northwest."

Adams was the frosh mentor for the famous 1923 Cub team of Montana that won the Northwest frosh title. It was under Adams' direction as frosh coach that Bill Kelly and Sweet started their football careers at Montana. Montana in the past few years has had exceptionally strong frosh football, basketball and track squads under the tutelage of Harry Adams.

Sport Spurts

Walter Custer's feat of breaking the state interscholastic and the state intercollegiate mark in the pole-vault yesterday afternoon is one of the outstanding features of the meet.

This pole-vault record is one of the best in the country. The new national interscholastic is only 13 feet 4 inches or half a foot higher than Custer's mark.

Some of these high schools need interior decorators or something to subdue a few of the rabid color schemes that they are flaunting in track suits and sweat jerseys.

One of the impressive features of this afternoon's program was the opening review of the R. O. T. C. and the ceremony of shooting off the two flag bombs.

The local rookies of the Grizzly battalion displayed excellent formations in the review. Too bad that a Fox camera wasn't present with talkies for the Grizzly band.

The two Custer County speedsters certainly stole the 100-yard dash this afternoon when they finished in one, two order to tie the state record. Tom Moore, the Grizzly miler, is present holder of this record.

Some of the high jumpers must be contortionists or near relatives to chiropractors to twist over the bar in so many manners.

Records were smashed by the whole-sale today. They will not be counted, however, because of the wind that is supposed to help.

The state high hurdle record was broken several times. Almost every heat winner lopped off about two-fifths of a second from the standing 17-second record.

Sprinters in a couple of heats broke the 100-yard mark, too. They will not be counted either.

Pal, one of the bologna variety campus canines, tried to get in the swim but some officials stopped him. No luck.

It was an intermittent wind. Didn't help much. Still—maybe the boys won't get off for such good starts as they did today.

If You're Overweight

Reach for this new Amos 'n' Andy record and laugh it off. Funnier than ever in these two hilarious skits—the first in a shoe store—the second in a gymnasium. They'll make you forget your troubles. But there are other smooth numbers on this week's list. Oh yes! More of that Olsen-esque rhythm from the late movie hits, "High Society Blues" and "Montana Moon," by George Olsen and His Music. And for those who love the sonorous tones of the organ, Jesse Crawford performs in his usual superb fashion. Everyone can be added to your record library profitably. Drop in—we'll be glad to play them for you.
